

REMARKS

In the Advisory Action dated September 13, 2005, the Examiner has determined that, "The proposed amendments to claim 21 requires a further consideration and search." In response, Applicant proposes to amend claim 21 as presented in this paper. Reconsideration is, therefore, respectfully requested.

Claim 21 has now been amended to simply comply with the objections raised in the Office Action dated June 10, 2005. Applicant has attempted to limit the changes to the objections raised with respect to claim 21.

In view of the foregoing, it is respectfully submitted that the application is now in condition for allowance, and early action in accordance thereof is requested. In the event there is any reason why the application cannot be allowed in this current condition, it is respectfully requested that the Examiner contact the undersigned at the number listed below to resolve any problems by Interview or Examiner's Amendment.

Respectfully submitted,
